

U.S. Department of the Interior  
U.S. Geological Survey

# Geology and Paleontology of Five Cores from Screven and Burke Counties, Eastern Georgia

U.S. GEOLOGICAL SURVEY PROFESSIONAL PAPER 1603

Prepared in cooperation with the  
U.S. Department of Energy and the  
Georgia Geologic Survey

# Availability of Publications of the U.S. Geological Survey

Order U.S. Geological Survey (USGS) publications by calling the toll-free telephone number 1-888-ASK-USGS or contacting the offices listed below. Detailed ordering instructions, along with prices of the last offerings, are given in the current-year issues of the catalog "New Publications of the U.S. Geological Survey."

## Books, Maps, and Other Publications

### *By Mail*

Books, maps, and other publications are available by mail from—

USGS Information Services  
Box 25286, Federal Center  
Denver, CO 80225

Publications include Professional Papers, Bulletins, Water-Supply Papers, Techniques of Water-Resources Investigations, Circulars, Fact Sheets, publications of general interest, single copies of permanent USGS catalogs, and topographic and thematic maps.

### *Over the Counter*

Books, maps, and other publications of the U.S. Geological Survey are available over the counter at the following USGS Earth Science Information Centers (ESIC's), all of which are authorized agents of the Superintendent of Documents:

- Anchorage, Alaska—Rm. 101, 4230 University Dr.
- Denver, Colorado—Bldg. 810, Federal Center
- Menlo Park, California—Rm. 3128, Bldg. 3, 345 Middlefield Rd.
- Reston, Virginia—Rm. 1C402, USGS National Center, 12201 Sunrise Valley Dr.
- Spokane, Washington—Rm. 135, U.S. Post Office Building, 904 West Riverside Ave.
- Washington, D.C.—Rm. 2650, Main Interior Bldg., 18th and C Sts., NW.

Maps only may be purchased over the counter at the following USGS office:

- Rolla, Missouri—1400 Independence Rd.

### *Electronically*

Some USGS publications, including the catalog "New Publications of the U.S. Geological Survey," are also available electronically on the USGS's World Wide Web home page at <http://www.usgs.gov>

## Preliminary Determination of Epicenters

Subscriptions to the periodical "Preliminary Determination of Epicenters" can be obtained only from the Superintendent of

Documents. Check or money order must be payable to the Superintendent of Documents. Order by mail from—

Superintendent of Documents  
Government Printing Office  
Washington, DC 20402

## Information Periodicals

Many Information Periodicals products are available through the systems or formats listed below:

### *Printed Products*

Printed copies of the Minerals Yearbook and the Mineral Commodity Summaries can be ordered from the Superintendent of Documents, Government Printing Office (address above). Printed copies of Metal Industry Indicators and Mineral Industry Surveys can be ordered from the Center for Disease Control and Prevention, National Institute for Occupational Safety and Health, Pittsburgh Research Center, P.O. Box 18070, Pittsburgh, PA 15236-0070.

### *Mines FaxBack: Return fax service*

1. Use the touch-tone handset attached to your fax machine's telephone jack. (ISDN [digital] telephones cannot be used with fax machines.)
2. Dial (703) 648-4999.
3. Listen to the menu options and punch in the number of your selection, using the touch-tone telephone.
4. After completing your selection, press the start button on your fax machine.

### *CD-ROM*

A disc containing chapters of the Minerals Yearbook (1993-95), the Mineral Commodity Summaries (1995-97), a statistical compendium (1970-90), and other publications is updated three times a year and sold by the Superintendent of Documents, Government Printing Office (address above).

### *World Wide Web*

Minerals information is available electronically at <http://minerals.er.usgs.gov/minerals/>

## Subscription to the catalog "New Publications of the U.S. Geological Survey"

Those wishing to be placed on a free subscription list for the catalog "New Publications of the U.S. Geological Survey" should write to—

U.S. Geological Survey  
903 National Center  
Reston, VA 20192

# **Geology and Paleontology of Five Cores from Screven and Burke Counties, Eastern Georgia**

**Edited by Lucy E. Edwards**

**U.S. GEOLOGICAL SURVEY PROFESSIONAL PAPER 1603**

Prepared in cooperation with the  
U.S. Department of Energy and the  
Georgia Geologic Survey

A description of the Cretaceous and Tertiary  
geology and paleontology of five cores of  
sediments below the coastal plain in  
Screven and Burke Counties, Georgia.  
Chapters A–I are issued as a single volume  
and are not available separately.

**U.S. DEPARTMENT OF THE INTERIOR**  
**BRUCE BABBITT, Secretary**

**U.S. GEOLOGICAL SURVEY**  
**CHARLES G. GROAT, Director**

UNITED STATES GOVERNMENT PRINTING OFFICE, WASHINGTON : 2001

Published in the Eastern Region, Reston, Va.  
Manuscript approved for publication September 13, 1999.

Any use of trade, product, or firm names in this publication is for descriptive purposes only and does not imply endorsement by the U.S. Government.

Edwards, Lucy E.

Geology and paleontology of five cores from Screven and Burke Counties, eastern Georgia / edited by Lucy E. Edwards  
p. cm.—(U.S. Geological Survey professional paper; 1603)

"Prepared in cooperation with the U.S. Department of Energy and the Georgia Geologic Survey."

Includes bibliographical references.

1. Geology, Stratigraphic—Cretaceous. 2. Geology, Stratigraphic—Tertiary. 3. Paleontology—Cretaceous.
4. Paleontology—Tertiary. 5. Geology—Georgia—Screven County. 6. Geology—Georgia—Burke County. 7. Paleontology—Georgia—Screven County. 8. Paleontology—Georgia—Burke County. I. Edwards, Lucy E. II. United States, Dept. of Energy. III. Georgia Geologic Survey. IV. Series.

# VOLUME CONTENTS

[Letters designate the chapters]

- A. Stratigraphy and Depositional Environments of Sediments from Five Cores from Screven and Burke Counties, Georgia  
By W. Fred Falls and David C. Prowell
- B. Overview of the Biostratigraphy and Paleoecology of Sediments from Five Cores from Screven and Burke Counties, Georgia  
By Lucy E. Edwards, Norman O. Frederiksen, Laurel M. Bybell, Thomas G. Gibson, Gregory S. Gohn, David Bukry, Jean M. Self-Trail, and Ronald J. Litwin
- C. Palynomorph Biostratigraphy and Paleoecology of Upper Cretaceous Sediments from Four Cores from Screven and Burke Counties, Georgia  
By Norman O. Frederiksen, Lucy E. Edwards, and Ronald J. Litwin
- D. Late Campanian (Zone CC 22) Coccoliths from the Millhaven Core, Screven County, Georgia  
By David Bukry
- E. Ostracode Biostratigraphy of Upper Campanian (Cretaceous) Marine Sediments from the Millhaven Core, Screven County, Georgia  
By Gregory S. Gohn
- F. Calcareous Nannofossil Biostratigraphy of Cenozoic Sediments from the Millhaven Core, Screven County, Georgia  
By Laurel M. Bybell
- G. Dinocyst Biostratigraphy of Tertiary Sediments from Five Cores from Screven and Burke Counties, Georgia  
By Lucy E. Edwards
- H. Pollen Biostratigraphy of Lower Tertiary Sediments from Five Cores from Screven and Burke Counties, Georgia  
By Norman O. Frederiksen
- I. Foraminifera from Paleogene Sediments from the Millhaven and Millers Pond Cores, Screven and Burke Counties, Georgia  
By Thomas G. Gibson

# CONVERSION FACTORS

Various units used in chapters A–I are listed in the first column below.

Multiply	By	To obtain
<i>Length</i>		
micrometer (μm)	0.00003937	inch
millimeter (mm)	0.03937	inch
centimeter (cm)	0.3937	inch
inch (in.)	2.54	centimeter
foot (ft)	0.3048	meter
mile (mi)	1.609	kilometer
<i>Mass</i>		
gram (g)	0.03527	ounce avoirdupois

*Sea level.*—In this report, “sea level” refers to the National Geodetic Vertical Datum of 1929 (NGVD of 1929)—a geodetic datum derived from a general adjustment of the first-order level nets of both the United States and Canada, formerly called Sea-Level Datum of 1929.

# Selected Series of U.S. Geological Survey Publications

## Books and Other Publications

**Professional Papers** report scientific data and interpretations of lasting scientific interest that cover all facets of USGS investigations and research.

**Bulletins** contain significant data and interpretations that are of lasting scientific interest but are generally more limited in scope or geographic coverage than Professional Papers.

**Water-Supply Papers** are comprehensive reports that present significant interpretive results of hydrologic investigations of wide interest to professional geologists, hydrologists, and engineers. The series covers investigations in all phases of hydrology, including hydrogeology, availability of water, quality of water, and use of water.

**Circulars** are reports of programmatic or scientific information of an ephemeral nature; many present important scientific information of wide popular interest. Circulars are distributed at no cost to the public.

**Fact Sheets** communicate a wide variety of timely information on USGS programs, projects, and research. They commonly address issues of public interest. Fact Sheets generally are two or four pages long and are distributed at no cost to the public.

Reports in the **Digital Data Series (DDS)** distribute large amounts of data through digital media, including compact disc-read-only memory (CD-ROM). They are high-quality, interpretive publications designed as self-contained packages for viewing and interpreting data and typically contain data sets, software to view the data, and explanatory text.

**Water-Resources Investigations Reports** are papers of an interpretive nature made available to the public outside the formal USGS publications series. Copies are produced on request (unlike formal USGS publications) and are also available for public inspection at depositories indicated in USGS catalogs.

**Open-File Reports** can consist of basic data, preliminary reports, and a wide range of scientific documents on USGS investigations. Open-File Reports are designed for fast release and are available for public consultation at depositories.

## Maps

**Geologic Quadrangle Maps (GQ's)** are multicolor geologic maps on topographic bases in 7.5- or 15-minute quadrangle formats (scales mainly 1:24,000 or 1:62,500) showing bedrock, surficial, or engineering geology. Maps generally include brief texts; some maps include structure and columnar sections only.

**Geophysical Investigations Maps (GP's)** are on topographic or planimetric bases at various scales. They show results of geophysical investigations using gravity, magnetic, seismic, or radioactivity surveys, which provide data on subsurface structures that are of economic or geologic significance.

**Miscellaneous Investigations Series Maps or Geologic Investigations Series (I's)** are on planimetric or topographic bases at various scales; they present a wide variety of format and subject matter. The series also includes 7.5-minute quadrangle photogeologic maps on planimetric bases and planetary maps.

## Information Periodicals

**Metal Industry Indicators (MII's)** is a free monthly newsletter that analyzes and forecasts the economic health of five metal industries with composite leading and coincident indexes: primary metals, steel, copper, primary and secondary aluminum, and aluminum mill products.

**Mineral Industry Surveys (MIS's)** are free periodic statistical and economic reports designed to provide timely statistical data on production, distribution, stocks, and consumption of significant mineral commodities. The surveys are issued monthly, quarterly, annually, or at other regular intervals, depending on the need for current data. The MIS's are published by commodity as well as by State. A series of international MIS's is also available.

Published on an annual basis, **Mineral Commodity Summaries** is the earliest Government publication to furnish estimates covering nonfuel mineral industry data. Data sheets contain information on the domestic industry structure, Government programs, tariffs, and 5-year salient statistics for more than 90 individual minerals and materials.

**The Minerals Yearbook** discusses the performance of the worldwide minerals and materials industry during a calendar year, and it provides background information to assist in interpreting that performance. The Minerals Yearbook consists of three volumes. Volume I, Metals and Minerals, contains chapters about virtually all metallic and industrial mineral commodities important to the U.S. economy. Volume II, Area Reports: Domestic, contains a chapter on the minerals industry of each of the 50 States and Puerto Rico and the Administered Islands. Volume III, Area Reports: International, is published as four separate reports. These reports collectively contain the latest available mineral data on more than 190 foreign countries and discuss the importance of minerals to the economies of these nations and the United States.

## Permanent Catalogs

**"Publications of the U.S. Geological Survey, 1879–1961"** and **"Publications of the U.S. Geological Survey, 1962–1970"** are available in paperback book form and as a set of microfiche.

**"Publications of the U.S. Geological Survey, 1971–1981"** is available in paperback book form (two volumes, publications listing and index) and as a set of microfiche.

**Annual supplements** for 1982, 1983, 1984, 1985, 1986, and subsequent years are available in paperback book form.
